A firm at Hot Springs, S. Old residents say that they remember but two former winters in which there was so long a period of below zero as has characterized the past two weeks or more. These two exceptions were the winters of 1880-81 and 1889-90. In the former year over fifty per cent of the cattle in western Nebraska perished by reason of the cold and lack of food; in January, 1890, some of the cattlemen in the Loup country lost sixty-five and seventy per cent of their herds. So far during this period of cold weather we have heard of no cattle losses, but some of the cattlemen are growing anxious as to how long the cold will continue as their stock of feed is rapidly diminishing.

The Club Nevada was entertained in a most enjoyable manner on Wednesday by Mrs. Ella Huxoll at a "Snow Party." For entertainment two suitable contests were introduced, prizes being won by Mrs. Wm. Snyder and Mrs. Wallace Quinn. At four-thirty a delightful white lunch was served. The snow scheme was carried out nicely in the table decorations. The centerpiece was a snowman on a cotton snowdrift and icicles hung from the chandelier. Place cards were also decorated with tiny snow men. Guests report a very pleasant afternoon. The club will meet with Mrs. Bert Napersteck in two weeks.

Hanifin-Gutherless.

At 8:30 o'clock Wednesday morning Rev. P. McDavid united in marriage at St. Patrick's church, Miss Mae Hanifin and Mr. Harry Gutherless, two well known young people of this city. The ceremony was witnessed by only relatives and intimate friends of the contracting parties. At 9:00 o'clock at the home of the bride's parents a sumptuous wedding breakfast was served and hearty congratulations extended.

The bride wore a rich gown of white satin, empire effect with trimmings of ball fringe and white net, and a white picture hat.

The groom was attended by his brother Thomas Gutherless and the bride by her sister Miss Nellie Hanifin. The maid of honor was attired in cream muslin silk with bodice and sleeves of all-over lace in a corresponding shade and dainty edging of baby blue velvet. She wore a large black hat.

Germes Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

We are so confident that D. D. D. will reach your camp that it will cost you nothing if the very first full size bottle fails to make good every claim.

If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.
